**INDEPENDENT AUDITOR'S REPORT**

**TO THE MEMBERS OF SBW UNITY PRIVATE LIMITED**

**Report on the Standalone Financial Statements**

We have audited the accompanying financial statements of SBW Unity Private Limited ('the Company'), which comprise the Balance Sheet as at 31<sup>st</sup> March, 2024, the Statement of Profit and Loss for the period ended on that date and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31<sup>st</sup> March, 2024 and its loss for the year ended on that date.

**Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent Auditors' of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Information other than the Financial Statements and Auditors' Report thereon**

The Company's Board of Directors are responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including Annexure(s) to Board's Report but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

*Amr*

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

#### Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting Process.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. we also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.

comd

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify my opinion. Our conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of my work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

"The Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Companies Act, 2013 is not applicable for the Company."

Cmty

(ii) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- 3.6 The determination of valuation, by its very nature, cannot be regarded as an exact science and the conclusions arrived at in many cases will be subjective and dependent on the exercise of individual judgment. Given the same set of facts and using the same assumptions, expert opinion may differ due to number of separate judgment and decisions, which have to be made. There can therefore be no standard formulae to establish an undisputable share entitlement ratio. The final responsibility for the determination of share entitlement ratio at which the Proposed Demerger shall take place will be with the Board of Directors of the Companies.
- 3.7 This report is prepared for the Clients and must be used only for the specific engagement and regulatory reporting purposes and must not be copied, disclosed or circulated or referred to in correspondence or discussion with any person. The report is confidential to the Clients and it

## 6. VALUATION METHODOLOGY AND RATIONALE

### 6.1. Basis of Valuation

In this valuation exercise, we have arrived at share entitlement ratio for the demerger of the 4 (Four) Divisions of SUL into SUPL. These values are to be determined independently but on a relative basis, and without considering the effect of Proposed Demerger.

There are several commonly used and accepted methods for determining the fair value of the business of a company. They mainly fall under the following three categories:

- Net Asset Value based valuation approach ("NAV Method");
- Market based valuation approach ("Market Method"); and
- Income based valuation approach ("Income Method").

The application of any aforesaid method of valuation depends on the nature of operations, level of maturity of the businesses, future business potential and purpose of valuation. For the purpose of arriving at the fair market value, it would be necessary to select an appropriate basis for valuation from among the various alternatives available.

#### 6.1.1 NAV Method

In NAV Method, the assets and liabilities are considered at realisable value or book value, including intangible assets and contingent liabilities, if any, which are not stated in the balance sheet. From the value of the assets, the potential liabilities which would have to be paid would be deducted and resultant figure is the NAV of the company.

This valuation approach is mainly used in case where the asset base dominates the earnings capability or in case where the valuing entity is a holding company deriving significant value from its assets and investments. NAV Method is most applicable for the business where the value lies in the underlying assets and not the ongoing operations of the business and the potential cash flows of the business.

In our view NAV method is suitable for determine the fair value per share; hence we have considered NAV method.

### 6.1.2 Market Method

1739

The Market based valuation approach includes the following two methods:

#### (i) Market Price Method

Under the Market Price Method, the market price of a share as quoted on a recognized stock exchange is normally considered as the fair value of the shares of that company, where such quotations are arising from the shares being regularly and frequently traded. The market value generally reflects the investors' perception about the true worth of the company.

Since the equity shares of the Companies are not listed on any recognized stock exchanges, this valuation methodology is not applicable and hence not considered by us.

#### (ii) Comparable Companies Multiple Method

Under the Comparable Companies Multiple Method, the value is determined on the basis of multiples derived from valuations of comparable companies, as manifest through stock market valuations of listed companies. This valuation method is based on the principle that market valuations, taking place between informed buyers and informed sellers, incorporate all factors relevant to valuation. Relevant multiples need to be chosen carefully and adjusted for differences between the circumstances. The base(s) to which a multiple is commonly applied include sales, EBITDA, profit earning and book value.

Due to non-availability of a proper comparable company, this method has not been used to calculate the fair value of the SUL.

### 6.1.3 Income Method or Discounted Cash Flow Method

The income approach is based on the premise that value of an income producing business or an entity is a function of future benefits and income derived from such asset/ business or the entity. The most commonly used method of the income approach is discounted cash flow (DCF) method.

Under the DCF Method, the free cash flows attributable to the equity/ firm for a predetermined number of future years and perpetuity are considered and discounted to their present value. The free cash flows

1740

attributable to the equity/ firm are the cash flows from operating activities as reduced by the estimated/ planned capital expenditure and working capital requirement in each of the future years. The cash flow projections, the estimations of capital expenditure and working capital are based on the management's view of the future business prospects of the company and the anticipated economic conditions in relation to the industry in which the company operates.

Under the DCF method, forecasted cash flows are discounted back to the present date, generating a net present value for the cash flow stream of the business/ company. A terminal value at the end of the explicit forecast period is then determined and that value is also discounted back to the valuation date to give an overall value for the business/ company. A DCF methodology typically requires the forecast period to be of such a length to enable the business/ company to achieve a stabilized level of earnings, or to be reflective of an entire operation cycle for more cyclical industries.

The cost of equity is another variable based on which the value of business/ company are dependent upon. The cost of equity can be the market rate or the rate determined as per the Capital Asset Pricing Model ("CAPM"). CAPM is considered as a more scientific approach for arriving at the cost of equity compared to the market rate of return. The cost of equity under CAPM is based on the following formula:

$$\text{Cost of equity} = R_f + R_m \times \beta$$

Where,  
 $R_f$  - Risk free rate of return  
 $R_m$  - Market risk premium  
 $\beta$  - Beta

Further, an additional risk premium for risks such as business specific risks, illiquidity of business, etc. has been considered to arrive at Adjusted Cost of Equity. The Adjusted cost of equity computed, and the cost of debt are considered for determining the Weighted Average Cost of Capital ("WACC"). The industry debt-equity ratio is taken as the weights in determination of WACC.

The WACC is used as the discount rate in determining the value of the business/ company under the DCF method. The value so arrived at is adjusted by the debt, fair value of investment into subsidiaries, joint ventures; associates, non-operating investments, cash and cash equivalents, contingent liabilities, if any, and other assets and / or liabilities, if any, in order to arrive at the value for the equity shareholders.

## 6.2 Adoption of Valuation method

As stated above, we have determined the fair value of 4 (Four) Divisions of SUL proposed to be demerged into SUPL on the basis of the NAV Method.

## 7. VALUATION CONCLUSION

### 7.1 Transfer and Vesting of SUL into SUPL

7.1.1 As per the draft Scheme and basis our discussions with the management of SUL, we understand that upon demerger of the SUL, into SUPL, the Equity Shares of SUPL shall be issued to the shareholders of SUL.

The valuation has been done on the basis of the Certified Audited Financial Statement of SUL for the financial year ended 31st March, 2024.

7.1.4 The fair value of Equity Shares of SUPL stands at INR 10/- per equity share before giving effect to the demerger. The transfer of 4 divisions as per scheme of Amalgamation/demerger is 01.04.2024 and shares in lieu of such transfer will be issued by SUPL much later after the sanction of the scheme by NCLT. If the transfer of the 4 Divisions of SUL are taken into consideration then NAV of SUPL as on 01.04.2024 Rs. 1052.56 per share if exchange ratio is fixed as 1 :1.

Refer Annexure -III for details.

## 8. RECOMMENDATION OF SHARE ENTITLEMENT RATIO

### 8.1 Demerger of 4 (Four) Divisions of SUL into SUPL

To the best of our knowledge and on the basis of valuation of shares of SUL and SUPL on the basis of information and explanations provided to us, we are of the opinion that:

SBW Unity Private Limited (SUPL) may issue the shares to the Shareholders of SBW Udyog Limited (SUL) in the ratio 1:1 for the following reasons:

1) That the Shareholders of the both the companies are same.

1742

- 2) That the both companies are having same Proportion/Percentage of Share holdings of Shareholders.
- 3) That the interests of both the companies are protected in view of the above composition of shareholders.

**REPORT UNDER SECTION 232(2)(c) OF**  
**THE COMPANIES ACT, 2013**

**BACKGROUND:**

The proposed Scheme of Arrangement ("the Scheme") between the Company and SBW Unity Private Limited and their respective shareholders and creditors provides for demerger of (i) Biri Division (ii) Resort Division (iii) SSA Division and (iv) Marketing Division with all assets and liabilities pertaining to such business from SBW Udyog Limited (Transferor Company) and their transfer to and vesting in the SBW Unity Private Limited (Transferee Company), as a going concern on a slump exchange basis as per detailed provisions made in this Scheme and pursuant to the provisions of sections 230-232 of the Companies Act, 2013. The remaining business (presently Hotel Division and SBW Hotel, Anjuna, Goa - under construction) will continue to remain under the management and control of SBW Udyog Limited. The detailed terms and conditions of the proposed demerger are stated in the Scheme.

**EFFECT OF THE SCHEME ON EQUITY SHAREHOLDERS (PROMOTER AND NON-PROMOTER SHAREHOLDERS), EMPLOYEES AND KEY MANAGERIAL PERSONNEL OF SBW UDYOG LIMITED:**

1. The object of the Scheme is to create independently managed profit centers under separate legal identities, fix responsibility for proper management and accountability for performance of operations, focused attention to business, avoid conflict in administration and decision making, etc. which will result in more efficient and coherent management, faster expansion and improvement of overall profitability of all Divisions. The scheme will benefit both the Companies and their shareholders.
2. As consideration for transfer of the demerged undertakings, the Scheme envisages allotment of ONE equity shares of Rs. 10/- (Ten) each fully paid up in the Transferee Company for every ONE equity shares of Rs. 10/- (Ten) each fully paid up held in the Transferor Company which is based on valuation done by Mr. Subodh Kumar, Registered Valuer IBBI (Securities or Financial assets) Reg. No: IBBI/RV/05/2019/11705 vide their Report dt. 22.07.2024. Hence, all the shareholders of the Transferor Company are duly compensated and the interests are not adversely affected in any way.
3. The interest of shareholders of the Transferee Company are also not adversely affected as the allotment of shares by the Transferee Company is based on valuation report as pointed out above. The Transferee Company will get full value for the shares allotted by it.
4. The Scheme does not affect the interest of any class of creditors as the demerged undertakings are being transferred as going concern on slump exchange basis and the assets of both companies post demerger will be sufficient to meet their respective liabilities which fact has been certified by 

respective Statutory Auditors. The Scheme provides that the security of the secured creditors will remain unaffected.

5. The Scheme does not affect the interest of transferred of employees as the proposed transfer would be on same terms and conditions and Clause 4.11 of the Scheme makes adequate provisions to safeguard their interest in all respects.

6. So far as key managerial personnel are concerned, the Scheme does not have any provision which might affect their interest in any manner.

#### **VALUATION:**
